Irrigation Season is approximately May to September each year.

Shareholders are held to the following Board policies, in accordance with our By-Laws:

- a. The ditch company is responsible only for the main ditches. Laterals are the responsibility of the shareholders on that lateral, including maintenance, repairs, and replacement.
- b. Pumping directly from the main ditch or lateral is prohibited. In grandfathered cases, pumping must be approved by the Board.
- c. Division boxes are the responsibility of the Company, any changes MUST be approved by the Board.
- d. New head-gates, new sumps or alteration of these must be approved by the Board. Contact the ditch superintendent prior to any changes.
- e. Trees and bushes should not be planted on the ditch easement, and volunteer plants must be removed. All vegetation that impedes water flow must be removed by the land owner on either side of the ditch prior to irrigation turn-on date.
- f. Shareholders should not over-irrigate or leave irrigation unattended. Shareholders should also **cooperate** with their neighbors who are on the same lateral to insure that all get water.
- g. During the annual ditch cleaning, members should cooperate with the ditch superintendent and his crew. Shareholders should clean their laterals at this time.

DeWeese-Dye Ditch Watering Days (Depending on Conditions, irrigation days may be reduced)

Division 1: Monday and Thursday

Division 2: Tuesday and Friday

Division 3: Wednesday and Saturday
